

2023 Skid Steer Course

Obstacle #1- Giant Slalom

The object of this obstacle is to navigate the Skid Steer thru the Slalom without hitting any of the cones. Points will be taken away for each cone that gets hit. Completing the Slalom without hitting any cones is worth **200** points

Obstacle #2 – Three Point Snow Pusher Turn

The object of this obstacle is to navigate the Skid Steer into and out of the ally way without hitting any rails. First entering the ally way but stopping prior to hitting the dead end, then backing and turning the skid steer into the offset ally way without hitting any rails, finally maneuvering forward and turning the skid steer out of the ally way. Completing this task without hitting any railing is worth **200** points.

Drop off the snow pusher and maneuver over to bucket and attach bucket. The Skid Steer bucket will have 2 empty deicer buckets pre-stacked in it. Do not drop them

Obstacle #3 – Reverse Rail Slide

The object of this obstacle is to navigate the Skid Steer backing your way through the rail slide, never hitting the rails. Completing this task without hitting rails is worth **200** points.

Obstacle #4 – Moguls/Speed bumps

The object of this obstacle is to navigate the Skid Steer forward operating through the bumps making sure not to hit the rails and not tipping over the deicer buckets. Completing this task without tipping over the buckets is worth **200** points

Drop off the Deicer buckets and maneuver over to pick up a ball off the cone

Obstacle #5 – Golf

The object of this obstacle is to navigate the Skid Steer, with the ball in the bucket, over to a mound of dirt (**T-Box**) staying behind it. Raising bucket and dropping ball over T box trying to get ball into one of the greens holes. Completing this task is worth **200** points
